1 - Bible – **English Standard Version (ESV) only**

Notes:

**Please, do not bring in any other version of the Bible; it is important that the students and I are reading the same words during Bible Study time. Since this Bible is used by each class from Third – Eighth Grade, it is important that you purchase the correct version. To make it convenient for you, you can purchase this Bible at the school office for \$11.00. **

Any items brought to school which are not required on this list (i.e. small staplers, novelty erasers, tape, small toys) may be confiscated. If the student wants the item back, then he/she must bring in a note from the parent requesting it back; otherwise, it goes into the “End of the Year” box, and the student will receive it back on the last day of school.

Rolling backpacks are not allowed. Please do not purchase a backpack that has wheels or a handle. They present a safety and space issue in our classroom.
